

## **ITEMS WE ACCEPT FOR CONSIGNMENT:**

Items accepted for consignment are dictated by our customers' preferences. While we cannot accept everything offered to us, we are always looking for high quality, gently used furniture and home decor.

We cannot accept items that are broken, torn, faded, stained, in need of repair, or that have smoke or pet odors. Currently we do not accept mattresses, cribs, toddler beds, lamps without working bulbs or shades, or sets of dishes. You are welcome to drop by the store any time with your smaller items. No appointment is necessary. We do offer pick up service, if needed, for larger items. Please contact us for more information. All items for consignment must be pre-approved by FHF management before arranging to have items picked up or delivered to us. Pick-up fees are non-refundable. Please be certain that furniture to be consigned meets our guidelines before requesting a pick up.

All consignments are subject to our final inspection. If furniture is less than 4 years of age and in like-new condition, we can usually pre-approve your item just by asking a few questions. If your furniture is older, we would like to see a photo first. Digital pictures may be sent via email, or photos may be brought into the store, or sent by regular mail. You may bring your items in without pre-approval, however, keep in mind that we may not accept them if they do not conform to our standards.

*Whether you have furniture that needs a new home,  
or a home that needs new furniture...*
